About

Throughout her career, Dr. Pam Carr has used her expertise to inspire and support future school librarians, digital learning specialists, and other educational leaders across NH. While simultaneously serving as a Graduate Teaching Lecturer at Plymouth State University and completing her doctorate on the trends in CTE education in NH, Dr. Carr has been named as the Principal of the Seacoast School of Technology in Exeter, NH. In this leadership position, she supports the diverse needs of career and technology educators and their students through both innovative and pragmatic practice.
