About

The NH Excellence in Education Awards K-8 Schools of Excellence Selection Committee is honored to nominate Chester Academy in Chester, NH as the 2023 NH K-8 School of Excellence. Quoting from their own application: “With just over 500 students and 100 staff members, our campus is a hub of our small community in which there is great pride. With a motto of “Together We Learn, Grow, and Thrive,” each of us strives to do our best individually and as part of the whole. We offer enrichment programs, sports, and extracurricular activities that provide our students with opportunities far beyond the walls of the classroom.” With emphasis on MTSS (Multi-Tiered Systems of Support) for all students, Chester provides “teacher and student driven curriculum choices and changes, goal setting for target growth and improvement, strategic planning, and parent and family engagement.” Their vision, mission, and goals are designed to target their “Portrait of a Chester Academy Learner,” Chester uses data from standardized and district testing to focus on “improving tier one instruction, as well as working to improve writing proficiency by incorporating rubrics as part of how students and teachers think about writing.” Based on these and many other criteria, the Committee unanimously nominated Chester as this year’s K-8 School of Excellence.
